Edgewood Chemical Biological Center (ECBC) CBRNE Mission Support Contract

Summary

The Edgewood Chemical Biological Center (ECBC) Mission Support Contract is a task order contract that provides ECBC and other customers with project management as well as research, development, acquisition, and sustainment support services. The purpose of this contract is to service the non-medical needs of the CBRNE defense community. This is a multiple award contract; requests for proposals are competitively bid.

Scope

- **Acquisition Program and Engineering Support**
 - Material Solution Analysis
 - Technology Development (including prototyping)
 - Engineering and Manufacturing Development, Production, and Deployment
 - Operations and Support
- **Research and Technology Support**
 - Research
 - Development
 - Analysis
 - Documentation
- **Program and Integration Support**

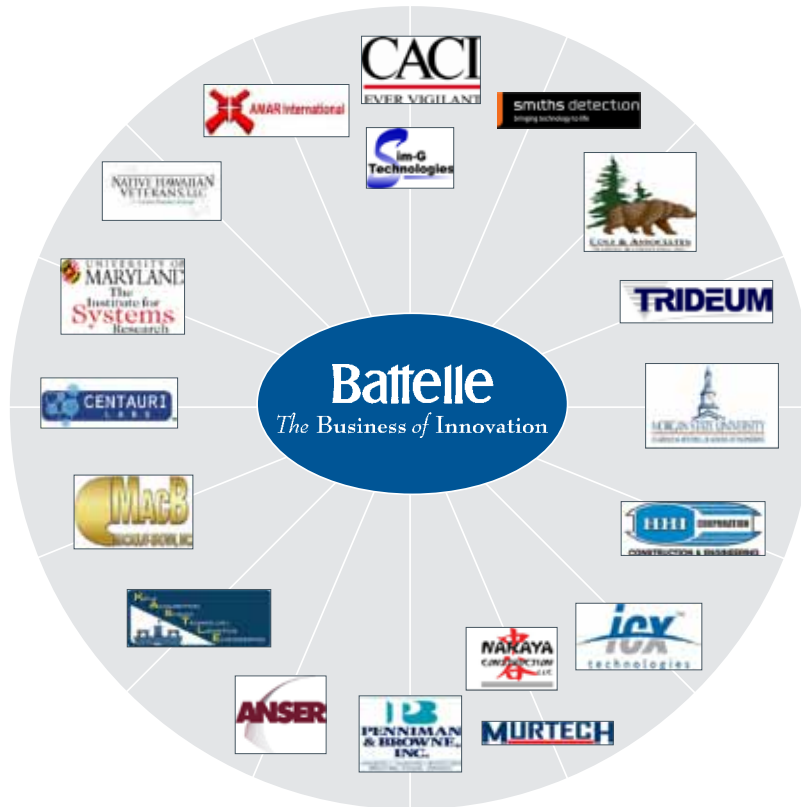

ECBC Quick Facts

- Contract # W911SR-10-D-0009
- Awarded Jan 29, 2010
- Ordering Period Expires Jan 28, 2015
- PoP: per Task Order
- CPFF, CPIF, or FFP or Hybrid
- Deliverable-based: at least Monthly and Final reports
- Incrementally funded
- Security classification up to SECRET
- Proposal period of new task order is 15 days or as specified in task order RFP

User Restrictions

ECBC and its customers [USMRICD, JPEO-CBD, CHPPM, Chemical Materials Agency (CMA), Assembled Chemical Weapons Activity (ACWA), 20th Support Command, DHS]. Other interested users contact the ECBC Contracting Officer.

Team Members

ECBC Task Ordering Process

Requesting Activity identifies the requirement and obtains funding and applicable approvals to submit procurement package to the RDECOM Contracting Center (KO).

RDECOM KO determines whether the TO requirement is within the ECBC scope. RDECOM KO gives all awardees a "Fair opportunity" to be considered IAW FAR and DFAR requirements.

Requesting Activity negotiates with RDECOM Contracting Center to prepare an RFP to include:

- Performance Objective, Measures, and Standards
- Performance Requirement Summary (PRS)
- Quality Assurance Surveillance Plan
- Independent government cost estimate

RDECOM KO issues RFP notification and RFP package to applicable contractors

- Performance-based Work Statement (PWS) or Statement of Work (SOW)
- Packaging and marking information, data rights, inspection, and acceptance of services
- Period of Performance
- Requirements for security, installation access, camera passes, and site access
- Government property/information to be provided
- CLIN structure
- Evaluation Factors and Basis for Award
- Method of submission and response time

TO <\$250K for either/both research and technology or program integration type support: SB set-aside awardees given 3 days to respond. RDECOM KO may compete amongst SB only for proposed TO >\$250K based on complexity, depth, and breadth of the requirement.

Contractors prepare streamlined proposals and submit (15 days).

Evaluation Team evaluates proposals, performs cost realism analysis (15 days).

KO intends to award TO without discussion; if discussions are required, notifies Offerors regarding discussions, conducts discussions, and requests revised responses; evaluation team evaluates and documents revised responses.

RDECOM KO provides notification of award decision to TO awardee (and to unsuccessful TO participants within 3 days)

Ordering Officer conducts debriefing sessions, if desired, to unsuccessful participants. (Request must be made within 3 days of award notice.)
